

Lisbon Strategy 2000 on Europe and Reality of Europe 2020

Prepared by: Dusan Soltes
Comenius University, Bratislava, Slovakia

OVERVIEW OF TOPICS

- - E-GOVERNMENT
- - E-ID
- - E-HEALTH
- - E-MEDICAL RECORDS
- - E-PRESCRIPTION
- - E- BANKING
- - E-SIGNATURE
- - E-SURVEILANCE

E-GOVERNMENT

- G2C – SOME SERVICES ARE ALREADY EXISTING LIKE E-CADASTER, E-PENALTIES, E- REAL ESTATES, E-TAXATION
- BUT STILL THERE ARE QUITE MANY AGENDAS THAT ARE NOT DIRECTLY AVAILABLE IN E-FORM TO CITIZENS

E-GOVERNMENT (CONT.)

- - G2B – SOME E-SERVICES OF THE GOVERNMENT TO BUSINESSES ARE ALREADY AVAILABLE BUT NOT ALL
- ESPECIALLY FOR SME DUE TO SMALL ADMINISTRATIVE CAPACITIES THERE ARE STILL MANY REPORTINGS, DUTIES NOT AVAILABLE IN THE E-FORM AND REPORTING DUTIES ARE STILL GROWING

E-GOVERNMENT (CONT.)

- G2G – THERE HAS BEEN ALREADY ACHIEVED SOME PROGRESS BUT STILL THERE EXISTS SOME OVERLAPPINGS, DUPLICITIES IN COLLECTING THE SAME DATA FOR INDIVIDUAL GOVERNMENT AGENCIES
- NOT YET FULLY FUNCTIONING COMMON E-GOV DATA BASIS

E-ID

- ONE OF THE PROBLEMS OF THE G2C
- THERE ARE STILL NOT EXISTING
UNIQUE EU E-ID
- E.G. OUR NATIONAL ID IS STILL NOT
USING ENGLISH INFO
- THERE IS NOT YET INCLUDED
VARIOUS NEEDED INFO SO MANY
VARIOUS CARDS WE HAVE TO HAVE
WITH US

E-HEALTH

- - THERE HAS ALREADY BEEN EXISTING FOR YEARS EU HEALTH CARD BUT CONFIRMING ONLY MEDICAL INSURANCE BUT NO BASIC ELEMENTARY E-HEALTH DATA AS NEEDED FOR MEDICAL SERVICES IF NEEDED IN OTHER COUNTRY, WITH OTHER DOCTOR, ETC.

E-MEDICAL RECORDS

- THERE IS STILL NOT GENERALLY EXISTING E-MEDICAL RECORDS
- WHAT IS ONE OF THE MAIN PROBLEMS OF EXISTING EU MEDICAL CARDS
- MANY MEDICAL RECORDS ARE ONLY IN TRADITIONAL PRINTED OR EVEN HAND WRITTEN FORM
- ALTHOUGH RESULTS OF MEDICAL EXAMINATIONS ARE COMPUTERIZED

E-PRESCRIPTION

- THERE ARE ALREADY EXISTING E-MEDICAL PRESCRIPTIONS SENT TO PHARMACIES
- BUT NOT YET ALL MEDICAL CENTRES OR HOSPITALS ARE USING THIS MODERN FORM OF E-PRESCRIPTION EFFICIENT FOR DOCTORS, PHARMACIES, PATIENTS, ETC.

E-BANKING

- THE MOST OF BANKING SERVICES ARE AVAILABLE IN THE FORM OF E-BANKING, M-BANKING, ETC.
- BUT THERE ARE STILL BANKS THAT ARE USING HAND-WRITTEN BANKING OPERATIONS TAKING THEM FROM THE COMPUTER SCREENS?!
- THERE ARE TOO MANY VARIOUS FEES FOR BANKING OPERATIONS

E-SIGNATURE

- ONE OF THE MOST IMPORTANT SERVICES OF G2C AND ALSO G2B STILL NOT WIDELY AVAILABLE
- IN DIFFERENCE TO OTHER EU COUNTRIES THERE ARE STILL COUNTRIES WHERE YOU HAVE TO PAY FOR E-SIGNATURE

E-SURVEILLANCE

- ALTHOUGH THIS AGENDA HAS NOT BEEN AMONG THOSE OF E-EUROPE IT IS NOW ONE OF THE MOST DEVELOPED AND PERFECT AND OFTEN ALSO MISUSED IN CONTRADICTION TO E.G. PRINCIPLES OF THE GDPR, REGARDING CCTV, MOBILE PHONES, COOKIES, SOCIAL NETWORKS, GPS, ALL OTHER E-COMMUNICATIONS, ETC.

IN CONCLUSION

- WE COULD STILL CITE W.KOK'S REPORT ON MID-TERM EVALUATION OF LISBON STRATEGY IN 2004:
- THE MEMBER STATES MADE SOME PROGRESS IN SOME OR MORE AREAS BUT NOT SUCCEEDED CONSISTENTLY ACROSS A BROAD FRONT.
- THAT WAS IN 2004 BUT STILL VALID ALSO FOR 2020
- ... BUT IN DIFFERENCE TO SITUATION IN 2004 ANOTHER BILLIONS OF EUR MOSTLY FROM THE EU FUNDS HAVE BEEN INVESTED TO VARIOUS ITC PROJECTS IN SUPPORT OF IMPLEMENTATION OF THE LISBON STRATEGY ON E-EUROPE
